Fried Noodle Chips

Sweet & spicy noodles in chip form

If there's one dish that's found everywhere from mom-and-pop shops to high-end restaurants, it's mie goreng, one of Indonesia's most iconic stir-fried noodle dishes. While the dish originated with Chinese immigrants, locals have made it their own by adding fried shallots, sambal chili paste, and sweet soy sauce for a taste that's quintessentially Indonesian.

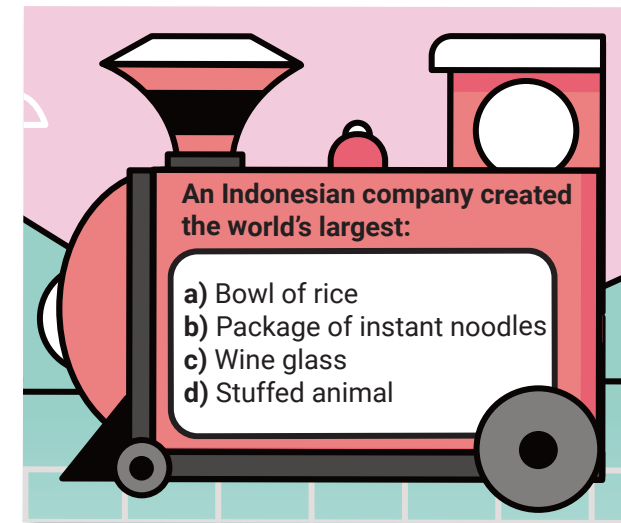

So it comes as no surprise that the flavor made its way out of restaurants and into snack foods like instant noodles and these mind-blowing mie goreng potato chips (that just so happen to be made by the country's top potato chip brand). Just one bite (or two or three or...) and you'll instantly understand what all the hype is about.

Make Gulai Ayam, Indonesian Chicken Curry!

It's hard to find a dish that's as popular in Indonesia as it is in the rest of the world. But one of the most beloved Indonesian dishes is Gulai Ayam, a spicy chicken curry. This recipe is a simplified version of the traditional dish, but it's still full of flavor. It's perfect for a family meal or a party. The chicken is marinated in a mixture of spices and then cooked in a rich, spicy sauce. The result is a tender, flavorful chicken that's perfect for any occasion.
